## Oracle – JD Edwards Customer Event FSS

20 year anniversary

Since 20 years we are happy to work for you. The entire FSS team is proud to count you among our customers and we would like to thank you for your loyalty.

Our anniversary event will be a bit more special than usual this year. In the morning, there are workshops, where you and your specialists learn about the latest JDE features.

We are looking forward to having you join us for our customer event, Tuesday, April 19th 2016 09:00.

Register at: [www.fss-group.com/en/kundenevent2016](http://www.fss-group.com/en/kundenevent2016)

A lot of good reasons to attend our event:

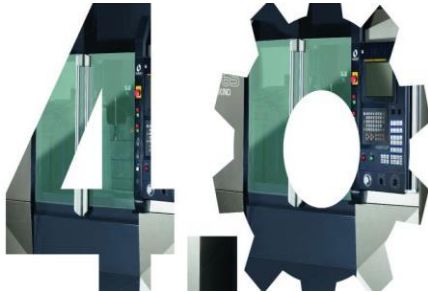

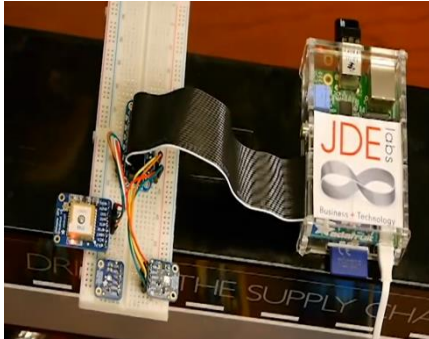

- Lyle Ekdahl (Oracle Senior Vice President Development / GM Oracle JD Edwards) speaks about new trends and development in the JD Edwards environment.
- Learn plenty of news about JD Edwards in our workshops.
- Benefit from other customer's experience, for example with JDE in a CLOUD environment.
- Learn based on LIVE examples, how Industry 4.0 creates added value for your company.
